ニュー ヒューマンズ

Questo menu celebra i nuovi linguaggi,
è un viaggio evocativo fatto di forme e colori.
Il genere umano ha da sempre utilizzato simboli
come proprio codice espressivo.
La visione del futuro attinge dal passato
per trovare la sua forma compiuta nel presente.

Cinque sono gli archetipi che simboleggiano
i sapori centrali in questo menu.
Cinque frontiere del gusto
per soddisfare il palato dei *new humans*.

Tutti i nostri nuovi drink si basano sul sapore
e si concentrano proprio su di esso per esaltare
al massimo la cromia di gusto complessa,
circonscritta nelle sue sfumature.

Be Human!
Be Kong!
